How do books map the intellectual interests, curiosities, tastes, and personalities of their readers? What does the collecting of books have in common with the practice of architecture? Unpacking My Library provides an intimate look at the personal libraries of twelve of the world s leading architects, alongside conversations about the significance of books to their careers and lives. Photographs of bookshelves-displaying well-loved and rare volumes, eclectic organizational schemes, and the individual touches that make a bookshelf one s own-provide an evocative glimpse of their owner s personal life. Each architect also presents a reading list of top ten influential titles, from architectural history to theory to fiction and nonfiction, that serves as a personal philosophy of literature and history, and advice on what every young architect, scholar, and lover of architecture should read. An inspiring cross-section of notable libraries, this beautiful book celebrates the arts of reading and collecting.
