Teachers College Press. Paperback. Book Condition: New. Paperback. 256 pages. Dimensions: 9.9in. x 8.0in. x 0.7in. Only the most valuable of academic texts gets to a fifth edition. . . If I were to do a column What's Hot in Literacy Reading Texts, this volume would undoubtedly be at the top of the list. --From the Foreword by Jack Cassidy, past president, International Reading Association This fifth edition is a timely and most welcome addition to my professional library. This book is a must in a time when it is essential for literacy leaders to keep up with the fast pace of what is happening in the field of reading. Wepner, Strickland, and Quatroche are exceptional educators and researchers who bring together some of the leading literacy experts to address issues that are so critical in this age of common core state standards. This is a must-have book for anyone involved in overseeing literacy programs at school, district, and state levels. --Linda Gambrell, Distinguished Professor of Education, Clemson University and co-editor of Reading Research Quarterly Now in its fifth edition, this popular textbook is still the most comprehensive resource available on the oversight of literacy programs (pre-K-12). Focusing on what literacy leaders need to know and do to meet today's mandates, experts in the field offer new insights that reflect the nation's changing policies related to the new Common Core State Standards for English Language Arts and Literacy in History/Social Studies, Science, and Technical Subjects. It also addresses forthcoming assessments aligned to the common core standards, and new mandates for evaluating teachers and principals. Literacy luminaries provide specific guidelines for all levels of instruction, including selecting and using materials and new technologies, promoting writing, assessing students, evaluating teachers, providing professional development, working with linguistically diverse and struggling learners, working with parents and the community,...
