WINGS OF LIGHT: KNOWING THE ANGELS WHO GUIDE YOU (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.AWARD-WINNING FINALIST CIPA EVVY Awards in spirituality 2012. Since her spontaneous awakening to cosmic consciousness in 1975, visionary Charol Messenger has been unveiling revelations from the Universal Consciousness for the world and humanity, and revealing teachings on how to access one's higher consciousness for everyday life. WINGS OF LIGHT unveils ancient mystery school teachings, from the esoteric Akashic Records, on the four angels who guide us every day. Four living beings of light counsel and guide each person every day. The simple ancient techniques in this book show how to sense an angel's presence, hear the angels, and trust your instinctual knowing of just what to do in any situation. Through relevant present-day anecdotes, archetypal parables, and original visualization exercises, we see how to sense and hear our own personal guardian angel, counselor angel, caretaker angel, and intercessor angel. A significant chapter is a technique, directly from the angels, on how to find a lost loved one and secure safety. This visualization technique came to Charol on five different occasions when her miniature schnauzer was lost, from three-months-old to fourteen-years-old. Each time, Charol's dog was returned to her quickly and unharmed. This same technique also worked for twelve other people. Kirkus Reviews wrote, There are four categories of angels-guardian, counselor, caretaker and intercessor-and each has its role of protection, self-discovery, self-will and connection with the Higher Self. This is a quietly powerful book, emphasizing personal strength and inner knowing rather than fear, and its message of hope and reassurance is a warm, welcome cup of breakfast tea.sincere, concise and nonjudgmental.easy-to-follow practices and meditations. A particularly persuasive chapter provides techniques for energetically locating...
