Live the life of a superhuman, discover your full potential! It s widely acknowledged that the human brain is one of the most powerful computers ever. But how many of us are using even a fraction of its power? We don t - why? Because we don t train it to. This eBook teaches you how to put your brain on turbo! Your brain uses about 13 of its power at best. What about the rest? Like any other muscle in the body, your brain needs exercise. The more it works out, the better it delivers in crunch situations! It s a pity that most people live their lives without realizing the power of the most important gift they possess. Your brain defines who you are, what you can do, and how much you can achieve. Yet, we tend to ignore its potential! Your brain controls every part of your body. Why not keep it in ship shape? The human brain enjoys nothing better than a challenge. Throw the gauntlet and it responds - and...
