## JUNK DRAWER CHEMISTRY: 50 AWESOME EXPERIMENTS THAT DON'T COST A THING

Chicago Review. 1 Paperback(s), 2016. soft. Book Condition: New. You don't need expensive lab equipment to conduct chemistry experiments, notes high school physics teacher Bobby Mercer; in fact, you probably have all you need in your home junk drawer. Here he shows scientists 9 and up how to turn three pennies and two galvanized washers into a simple battery, and convert an LED flashlight into a simple electrolyte tester. You can use a 9-volt battery and thumbtacks to break water...

### Reviews

---

*Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).*

-- **Doris Beier**

*This publication is worth getting. This is certainly for those who state that there was not a well worth studying. Its been written in an exceptionally simple way in fact it is only after i finished reading through this ebook in which in fact transformed me, modify the way i believe.*
