INTRODUCING ROMANTICISM: A GRAPHIC GUIDE

Totem Books Jan 2011, 2011. Taschenbuch. Book Condition: Neu. 165x117x13 mm. Neuware - Romanticism is crucial to an understanding of modern Western culture. Philosophy, art, literature, music and politics were all transformed in the turbulent period between the French Revolution of 1789 and the Communist Manifesto of 1848. This was the age of the 'Romantic revolution', when modern attitudes to political and artistic freedom were born. When we think of Romanticism, flamboyant figures such as Byron or Shelley instantly spring to mind, but what about Napoleon or Hegel, Turner or Blake, Wagner or Marx, who also emerged from this great period of turmoil and change How was it that Romanticism could give birth to passionate individualism and chauvinistic nationalism at the same time How does it prefigure the totalitarian movements of the 20th century Introducing Romanticism answers these questions and gives the reader an accessible overview of the many interlocking strands of Romanticism, focusing on the leading figures in Britain, Germany, France, Italy, Russia and America. It is the ideal introduction for both student and general reader. 174 pp. Englisch.
