## My Beautiful Genome: Exposing Our Genetic Future, One Quirk at a Time

By Lone Frank

Oneworld Publications. Paperback. Book Condition: New. Paperback. 328 pages. Dimensions: 8.4in. x 5.3in. x 1.2in. What if you could predict your future which political party you will vote for, what kind of person you will marry, which disease will end your life, whether your blue mood will fester into something more troubling, even debilitating. Would you want to know Taking a uniquely intimate and cheeky approach to the personal genomics revolution, internationally acclaimed science writer Lone Frank swabs up her genetic code to explore who any of us are in the days when a catalogue of your full six billion DNA building blocks is available for 10, 000 and the local Walgreens offers genetic screening tests to anyone. She challenges the august Nobel Prize winners and the hyperactive business mavericks who are pushing to map and decipher every fetuss genome within the next decade. She tests the potential to detect diseases early, as well as our capacity to develop chronic anxieties when our DNA is seen as a death sentence. She ponders whether personality, including her own above-average irritability and non-conformity, can really be reduced to biochemistry. And she prods the psychologists who hope to uncover just how much or how...
