DON T LET EVOLUTION MAKE A MONKEY OUT OF YOU (PAPERBACK)

Createspace, United States, 2011. Paperback. Book Condition: New. 224 x 148 mm. Language: English . Brand New Book ***** Print on Demand *****.A great battle rages today between Bible believing Christianity and secular humanism. However, this wasn t always the case. There was a time when the people of our country and even the great scientists of the world were Christians. They were God fearing people who recognized the Bible to be the Word of God. They accepted what God said concerning His creation. All of this began to change when Charles Darwin published his book, The Origin of Species by Means of Natural Selection. It has been 150 years since Darwin s theory was published and there is still no real scientific evidence for evolution. Yet, it is being peddled by pseudo academia as a scientific fact when it is not a fact at all. Even many evolutionary scientists readily admit that they do not have the answers. The truth is that the theory of evolution creates more questions than it answers.
