Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Discover The Secrets to Mastering Landscape Photography At Night! Night photography and astrophotography can be two of the most frustrating sub-genres of landscape. A lot of the reason for this is because: 1. It really is a hard subject to master due to the lack of light. 2. People don't understand how to go about mastering it. It's very technical, math based, and has a lot of steps. While this can put a lot of people off, I'm here to break it down for you. Planning is absolutely key, and I'll walk you through every step you need to make your shoot successful. Here Is A Preview Of What You ll Learn Inside. Tips and Tricks for Photographing in Low Light: Before diving right into night photography, I think it's best to get your feet wet with a little introduction into the world of low light photography. If you can master this, night photography is the next logical step. The tips include information on the importance of selecting ISO and using a tripod to reduce...
