Larrison is a prolific and imaginative writer with an unconventional approach to story construction -- wasting no space, wasting no time, he gets to the heart of the action and stays there. If you enjoy a rollicking, action-packed tale, look no further! I took a chance, and glad I did. Wordlings, Amazon review Begin the journey to another world. The end of World War II brought the allies a treasure trove of advanced technology that sparked a frenzy of weapons development unseen for ages. Today, we soar into the sky atop rockets created by captured Nazi scientists and American engineers. Too bad we lost track of the anti-gravity UFO technology they were developing. or did we? Lt.
